---

[Intro]

Bm A Bm A x5

[Verse 1]

Bm A Bm A Bm A Bm A  
Now and then I think of when we were together  
Bm A Bm A Bm A Bm A  
Like when you said you felt so happy you could die  
Bm A Bm A  
Told myself that you were right for me  
Bm A Bm A  
But felt so lonely in your company  
Bm A Bm A Bm A Bm A  
But that was love and it's an ache I still remember

[Verse 2]

Bm A Bm A Bm A Bm A  
You can get addicted to a certain kind of sadness  
Bm A Bm  
Like resignation to the end  
A Bm A Bm A  
Always the end  
Bm A Bm A  
So when we found that we could not make sense  
Bm A Bm A  
Well you said that we would still be friends

Bm                    A                    Bm                    A                    Bm    A    Bm    A  
But I'll admit that I was glad that it was over

[Chorus]

Bm                    A                    G                    A  
But you didn't have to cut me off  
Bm                    A                    G  
Make out like it never happened  
                  A                    Bm  
And that we were nothing  
                  A                    G                    A  
And I don't even need your love  
                  Bm                    A  
But you treat me like a stranger  
                  G                    A  
And that feels so rough  
Bm                    A                    G                    A  
You didn't have to stoop so low  
Bm                    A                    G  
Have your friends collect your records  
                  A                    Bm  
And then change your number  
                  A                    G                    A  
I guess that I don't need that though  
Bm                    A                    G                    A  
Now you're just somebody that I used to know

Bm    A    G    A

Bm                    A                    G                    A  
Now you're just somebody that I used to know

Bm    A    G    A

Bm                    A                    G                    A  
Now you're just somebody that I used to know

[Interlude]

Bm    A    Bm    A    x4

[Verse 3]

Bm                    A                    Bm                    A                    Bm    A    Bm    A  
Now and then I think of all the times you screwed me over  
Bm                    A                    G                    A                    Bm    A    Bm    A  
But had me believing it was always something that I'd done  
A  
And I don't wanna live that way

A
